

Blackboard Instructor

A modern, accessible, and delightful mobile experience designed just for educators

Use Blackboard Instructor to streamline tasks and drive engagement by meeting students where they are—on their mobile devices.

Requirements:

- Blackboard Learn 9.1 version October 2014, Q4 2015, Q4 2016, Q2 2017 CU2+, Q4 2017 CU1
- Get the latest Mobile B2 to ensure users have the best mobile experience. Find out which mobile B2 you need here: <http://bit.ly/mobileb2>
- Mobile license or a solution bundle with mobile
- A device running iOS 9.0+, Android 4.2+, or Windows 10+

Key Functionality

Course Management

View a list of all courses for available terms and get a summary of each course including upcoming assignments, announcements, discussions, and more.

Content and Assessment Preview

Review course content and assessments created in Blackboard Learn on mobile to ensure content is accurate and mobile-friendly.

Discussions

Participate in discussions from anywhere via a mobile device. Instructors can view, create, and edit discussion board threads and replies.

Organizations

For every organization where you're a leader, you can access content, create announcements, and moderate discussions.

Announcements

Create, review, and send out announcements to students. Students will be alerted with a notification in the Blackboard app Activity Stream.

Collaborate*

Engage in real-time video conferencing to collaborate with video, voice, files, chat, and interactive whiteboard on the go.

*If you license Blackboard Collaborate

For mobile grading functionality, instructors can use the Bb Grader iPad app. Grading workflows are scheduled to be added into Blackboard Instructor in 2018.
