Teach without limits.

Download the Blackboard Instructor app.

Great job!

Lynn Carver, Today at 4:12 PM

Class, great work on the last assignment! Come prepared to discuss on Monday.

Simplify your academic life with Blackboard Instructor, a mobile app designed to help you save time and efficiently access Blackboard Learn anytime, anywhere.

With Blackboard Instructor, you can:

Save time

Blackboard Instructor allows you to send announcements, create and monitor discussions, grade assignments, and more - all on the go.

Preview mobile-friendly content

Make sure your course materials, content and assessments are mobile-friendly for students using the Blackboard app.

Grade assignments

Easily identify which students have provided submissions, review the assignment, add comments, inline annotations, and grade with rubrics.

Connect with students

Connect and engage with students right from your mobile device using Collaborate.*
